Re #1

7-2

TAL

I assume the [redacted] incident was when he was here before as an Army/DIA input — If so please clarify on the memo otherwise I might think it was now or this wouldn't make sense because [redacted] is a CIA employee

P.S. what were the "special circumstances" in #3

MEMORANDUM FOR: Deputy Director, NPIC

THROUGH : Special Assistant

SUBJECT : Information on DIA Personnel Attending CIA/OTR Courses

25X1 1. If NPIC desires to enroll a DIA individual in a regular OTR course, NPIC Training Branch notifies the OTR who in turn checks with the Training Officer of each Agency component that has personnel enrolled in the course to determine if they have any objections to non-agency personnel attending the course. If the other components have no objections, the DIA individual can be enrolled. Past experience has shown that if an employee from the DDP is attending the course, they will not allow non-agency personnel in the course. Also, there is a standing policy of no non-agency personnel attending the several management courses conducted by and for the Agency outside of the Washington area. [ ] was an exception due to an oversight)

25X1 2. In the past, we have had DIA personnel assigned to the NPIC attend such regular OTR courses as the Introduction to Intelligence, Intelligence Briefing, ADP Orientation, and Basic Management. In addition, we have had a sizeable number of DIA personnel attend special course offerings conducted by OTR exclusively for NPIC personnel and given in [ ]. Examples are: Intelligence Briefing, Conference Techniques, Intelligence Research Techniques, Reading Improvement, and Technical Writing. DIA personnel assigned to the Center also participate in the Center's On-site Training Program.

25X1 3. This past spring semester, due to unusual circumstances, the Center sponsored 5 DIA employees for mathematics courses conducted by [ ]. This required special approval by the CIA Deputy Director for Support and cannot be done in the future.
